

RENM Renault Megane RS250 Black Edition Unveiled

13/06/2011 09:38 by admin

Each time the Australia-based tuning company RENM performance releases a project, we know there's something to closely pay attention to. The latest project the specialists have been working on is a 'black' edition of the Renault Megane RS250.

The mods applied to the car come in the form of new styling and race car-like dynamics, accompanied by a highly developed engine and chassis.

Visually, what struck us the first time we lay our eyes on the RENM Megane RS250 are the 19-inch [...]
