

Project Kahn Tweak the Audi A5 Convertible

15/06/2011 16:07 by admin

The latest car that got the attention of the British tuning specialists at Project Kahn is the Audi A5 Convertible, after the coupe received the treatment earlier this year. However, unlike its fixed-roof sibling, the convertible has received an enhancement package that targets only the styling aspect of the car.

Visually, the Audi A5 convertible sports an GT aerodynamic styling package, consisting of a front and rear vented bumpers in an R8 look with mesh inserts, rear spoiler and [...]
