

## AC Schnitzer Unwraps New BMW X3 Tuning Package

30/06/2011 19:58 by admin

Available since autumn 2010, the second iteration of the BMW X3 continues to draw the attention of European tuners. Seen here in AC Schnitzer guise, the F25 X3 has been upgraded with a styling package and go-fast modifications. For starters, AC Schnitzer has upped the performance on the 2.0-liter diesel-powered xDrive20d from 184-horses to 218HP, while the company is also working on a kit for the xDrive30d as well as the 6-cylinder 2.8i and 3.5i petrol models, which will be released later this year.[...]
