

Range Rover Sport Miyagi Edition Unleashed by Project Kahn

06/07/2011 11:48 by admin

The tuners at Project Kahn decided to lend a hand to the victims of the recent earthquake and tsunami in Japan by launching the new Project Kahn Miyagi edition, a Kahn Design Bali Blue Range Rover Sport. The conversion comprises a new ten piece Kahn body kit, complete with a sports exhaust system and color coding.

In terms of styling features that also enhance the vehicle's aerodynamics, the tuning specialists used a new bespoke front bumper with fog lamp surrounds in billet steel [...]
