

ABT Announces 2012 Beetle Customization Project

06/07/2011 13:50 by admin

Last month, we brought you the first tuning project for the 2012 VW Beetle - the VWvortex's RS Stage I kit that involved mostly cosmetic changes. The problem is that while the car has been officially unveiled, nobody has been able to get their hands on one. VWvortex solution was to work with a prototype version, and the good news was that a lot of Golf VI aftermarket components fit nicely.

Now, we have even better news for you, as ABT Sportsline has announced it is currently working flat out [...]
