

ABT Kicks Off 2012 VW Beetle Tuning Party with the Speedle

06/07/2011 17:51 by admin

The 2012 VW Beetle tuning wars have began. Leaving aside the Beetle RS project with some very light styling modifications by the enthusiast website VWVortex that we showed you back in June, ABT Sportsline is the first mainstream tuning firm to take on the all-new 2012 Volkswagen Beetle, or as the company likes to call it, the Speedle. The noted VW Group tuner said it is still working on the performance upgrades for the latest Beetle, which won't arrive in customer hands until September, but it can give us an idea of what to expect based on its current offerings.[...]
