

## Supercharged 2011 Mustang V6 runs 12-second 1-4 mile

06/07/2011 23:54 by admin

The 2011 Ford Mustang V6 puts out 305 horsepower stock, making it a true performance bargain. But is it tunable? Watch this 12-second V6 pony scream out "yes" in a warm-up burnout. [...]
