

Kicherer Mercedes CLS 500 Is The Big Black One

08/07/2011 14:23 by admin

The latest project emerged from the hands of the tuning specialists at Kicherer, who have decided to give the 2011 Mercedes-Benz CLS a boost, both in terms of styling, as well in what the performance is concerned. But before we move on to detail the mods, we'll tell you the program is affectionately nicknamed Edition Black or The Big Black One.

We'll start with the supercar's naturally aspirated V8 engine that develops 408 hp and 600 Nm (443 lb-ft) of torque when it leaves the Mercedes [...]
