

Watch the world's fastest Nissan GT-R run a low nine second 1-4 mile

26/07/2011 23:42 by admin

Not only does AMS Performance's Nissan GT-R produce over 1300 horsepower at 35 pounds of boost, it knows how to use it. After watching the very impressive 9.05 second 1/4 mile seen here, it isn't too surprising to find out this Nissan is the fastest R35 GT-R in the world.[...]
