

Carlsson Tweaks the Mercedes SLS AMG

01/08/2011 13:58 by admin

Well known for its work on Mercedes-Benz cars, German tuner Carlsson has just revealed the details of its latest project, which is set to make its official public debut at the upcoming Frankfurt Auto Show this September.

The program targets the Mercedes SLS AMG model in both roadster and hard top form, and consists of a coilover suspension upgrade, a new set of wheels and some interior tweaks.

Taken separately, the kit consists of a lightweight aluminium coilover suspension with Littronic ...[...]
