

ABT Sportsline Unveils Customization Program for Audi Q3

11/08/2011 13:37 by admin

Until Audi brings out a sportier version of the smallest Q model yet, giving the little crossover speedy credentials it doesn't deserve, the tuners at ABT Sportsline have gotten to work and created a whole new look for the Q3, giving interested customers the chance to have a power boost from any of the diesel or petrol variants.

We'll start with the engine upgrades, and try to keep the info simple and clear. As you might already know, the Q3 only comes with 2.0-liter forced induction engines,... [...]
