While the brand with four rings is working on giving us the hybrid version of the Q5, Audi's SUV is targeted by aftermarket specialists who want to give it a special touch of their own. So is the case with the tuners at Kahn Design, the same who have given us the upgrade packages for the German SUV's bigger sibling, the Q7.

Now they have taken the middle brother and tweaked it pretty much everywhere... and so the Audi Q5 S-Line was born.

Finished in Bugatti pearl white, the Audi Q5 S-line ...[...]
