

## **G Power BMW X5 Facelift TYPHOON Unveiled**

23/08/2011 16:24 by admin

Big luxury SUVs are usually the main target of tuners, and German models like the X5 are the prime candidates. This was the case with tuning specialists G Power, who have just mated their TYPHOON body kit with the facelifted version of the BMW vehicle.

A full set of striking images have been released, and the German tuners have also done their usual tricks on what's under the bonnet. Thus, the 4.8-litre 8-cylinder mill of the X5 now kicks up a storm, producing 525 horsepower thanks to the SK... [...]
