

## BMW 1M Coupe Raze P450 by RevoZport Unleashed

06/09/2011 13:05 by admin

The latest addition to the RevoZport stables is a project based on the BMW 1-Series M Coupe co-developed with CP Engineering. Dubbed RevoZport 1M Raze P450, the car comes with improved power-to-weight ratio and aerodynamic efficiency. In fact, a total weight reduction of 60kg has been achieved through the use of carbon fiber products.

Visually, and also contributing to the weight reduction treatment, RevoZport has fitted a lightweight bonnet, front splitter, side skirts, front splitter brake ...[...]
