When we talk about the Audi A8 we are tempted to think about Jason Statham who had managed to push the car to its limits in "The Transporter" series. But Statham's A8 is like an A2 compared to this Audi A8 L by ArmorTech. The Russian ArmorTech customizing company offers a one of a kind stretched armored Audi A8 L, which definitely steps out of the crowd given its impressive proportions.

ArmorTech is also well known for a previous ambitious project which involved cars like Bentley ... [...]
