

Smart Brabus Tailor Made by WeSC

07/09/2011 23:17 by admin

Brabus, along with street fashion brand, WeSC, is headed to the Frankfurt Motor Show with another product of the Automotive/Fashion world. Their little collaboration yielded a tailor made Smart ForTwo Cabrio and a special set of headphones specially designed for the Smart by WeSC. This special Smart will be sparkling in gold shades throughout the exterior - part matte, part high-gloss - with all of the colors created for the Swedish label by automotive tuning firm, Brabus. The gold paint has been combined with black wheels and black leather seats with crossways quilting that bears the unmistakable signature of the street style experts.[...]
