

## Dartz Wraps Ferrari F430 in Black Leather [Photo Gallery]

08/09/2011 13:24 by admin

Have you ever wanted to clean your car with the same shoe polish you use for your black business shoe? Well now you can, and you probably should if you don't want your beloved wrap to become cracked and brittle after a trip to the shops and back.

The crazy idea of wrapping a whole car in black leather can only come from one place, and that is the France based wrap specialists we know and love - Dartz. From every angle, this car now looks like some sort of fashion accessory and there's no way ... [...]
