

Senner Tuning Beefs up the Audi S5 Sportback

16/09/2011 16:59 by admin

The crew over at Senner Tuning have pointed their guns on the pre-facelift Audi S5 Sportback with the release of a new package that aims to improve both the performance and styling aspects of Ingolstadt's liftback model. Underhood, the S5's 3.0-liter TSI V6 gains a software optimization, a new air filter and a custom exhaust system, all of which do their part to lift output from 333HP and 440Nm to 445-horses and 530Nm (390.9 lb-ft) of peak torque.[...]
