The Ferrari 458 Italia is not just a supercar, it's a benchmark - remember when the new McLaren MP4-12C was launched? As you probably know, the British creation was measured against the V8 Prancing Horse. However, this doesn't mean that there isn't room for improvement.

At least this is what French designer Olivier Demangel is telling us through his latest work, which shows multiple aesthetic virtual tuning projects based on the 458 Italia.

We have version 0.5 (the one dressed in Silver), ... [...]
