

Fake Tuning Parts Can Kill You [Video]

23/09/2011 23:46 by admin

The aftermarket world is a source of dreams that is supposed to bring out the fun side of any car, or accentuate it if it's already there. However, looking for bargains on the web can turn everything into a nightmare.

It would take a while for us to explain the consequences of such actions, but fortunately we can do that much more easily with the help of the adjacent video.

The British aftermarket enthusiasts from Driftworks decided to buy a Nardi replica steering wheel on eBay for GBP70 [...]
