

Watch the world's first eight second GTR

24/09/2011 01:46 by admin

Last week we told you about the world's fastest R35 GTR through the 1/4 mile, built by AMS Performance. Since we last spoke about this car, the company has managed to take their 1300+ horsepower creation from a low nine second car to a high eight second car and produced this interesting video to go along with it. [...]
