

Project Kahn Bali Blue RS450 Range Rover Vogue Presented

04/10/2011 20:39 by admin

Project Kahn is now giving us the latest materialization of its Range Rover dreams, the Bali Blue Kahn 4.4 Range Rover Vogue. The vehicle comes with an aerodynamic package that includes restyled front and rear fascias - the front one adds LED daytime running lights, while the rear one accommodates quad tailpipes, undercar lighting, custom door handles, new side skirts and others.

The list of treats goes on with the interior features, which includes machined aluminum pedlas, branded floor mats... [...]
