There are certain cars that will always be cool, regardless of their age. We are not referring to retro rides here, but to cars that have been replaced by one or a few generations. Let's take the Mercedes CLK, for example: the vehicle has been out of the headlines for a while, but if we take a look at the adjacent images, we feel that there's a need to bring it back.

This is a CLK63 AMG Black Series, which makes it a very special machine even in stock form. The vehicle is now going through a ...[...]
