

## Ford Fiesta by Aaron Vaccar Signature Series

24/10/2011 17:23 by admin

Of the three SEMA Auto Show-bound Ford Fiestas, the one customized by Aaron Vaccar appears to be the one that has the least appeal, at least as far as first impressions are concerned. But to say that little work was done on the car is completely ridiculous. As a matter of fact, this particular Ford Fiesta just may be the best of the bunch once you know all the modifications done. Outside, Aaron Vaccar dressed the Fiesta with a custom BASF bright Silver Matte Metallic paint finish and a new set of 17" Advanti Racing V3 Vago wheels. As for the interior, the custom dress-up on the Fiesta includes a new Portable Trim red leather upholstery, a pair of Bride Vios III racing bucket seats, and a state-of-the-art audio system that features an MB Quart Onyx Series speaker and amplifiers. On the performance side, Aaron Vaccar and his people also addressed some modifications to the Fiesta with the installation of several new components, including a new Weapon-R Secret Weapon air intake and a Wilwood Dynapro six-piston brake kit, among other things.[...]
