

Dodge Challenger SRT8 ACR Annouced for 2011 SEMA

25/10/2011 22:33 by admin

One of the sweetest pieces of motorized candy that will be served at this year's edition of SEMA will be the Dodge Challenger SRT8 ACR, a vehicle that will follow the recipe of the Nurburgring record-setting Viper SRT10 ACR.

The vehicle's long list of performance mods starts with a Mopar coil-over suspension, a short-throw shifter, front and rear strut tower braces, lightweight alloy rims with Goodyear F1 Supercar tires, carbon fiber hood and boot lid, as well as certain engine goodies, such ... [...]
