

MINI Clubman JCW Showcar by Wimmer RS and Mac Audio is a Loud Inside and Out

26/10/2011 16:40 by admin

Mac Audio, a manufacturer of amplifiers and loudspeakers, has tapped German tuning specialist Wimmer RS to create a showcar version of the Mini Clubman John Cooper Works [JCW]. And no, the highlight of the hot hatch is not the blonde model seen in the pictures but the extreme audio system found in the heavily modified interior, which was customized by Mac Audio's own Professional Installation Team headed by Nic König.[...]
