

## Mac Audio MINI Countryman Cooper S Demo Car [Photo Gallery]

27/10/2011 20:52 by admin

The MINI Clubman S has been turned into an audio project car by Germana amplifiers and loudspeakers producer MAC Audi, with the result being visible in the adjacent images.

Mac Audi brought a watt hurricane inside the car, by installing the following components:

- \* 12 sq meters of Dynamat Xtreme insulating material
- \* Mac Audio Star X 2.16 front and rear loudspeakers system, installed in custom door panels
- \* Handmade 90-liter bass enclosure fitted with 3 x Mac Audio STX Reference-Woofers [...]
