

Porsche 911 Wide Body Kits from RAUH-Welt Begriff [Video]

31/10/2011 17:41 by admin

This piece of news is dedicated to a Japanese tuner called RWB (RAUH-Welt Begriff), which has a passion for Porsches. The aftermarket specialist is so obsessed with the German company's products, that it comes up with a unique creation for each customer.

To be more precise, the tuner, likes to put together extra-wide body kit of the previous generations of the Porsche 911. The rear-engined coupe receives an impressive treatment, with the list of goodies including front and rear fascias, new f... [...]
