

Bentley's Continental Series Get Remastered by Renntech

14/01/2009 09:17 by *Tuning - AutoEvolution*

We all know Bentley, the exquisite car manufacturer that produces the fabulous Continental series. Both sporty and luxurious at the same time, the Bentley Continental GT Speed and the Flying Spur Speed can easily put hair on your chest with their massive acceleration that could probably jump-start a dead planet.

However, this is an opinion not shared by Renntech's president Hartmut Feyhl. He's company took the two luxury super cars and made them even more mind blowing.
