Wiesmanns are some of the coolest cars on the road today in our opinion. These rare beasts combine the modern day build quality of a German automaker with BMW performance engines and the traditional roadster layout.

German tuners SchwabenFolia decided they could make the Wiesmann Roadster even cooler by playing with the MF5 V10 version to create a veritable batmobile. The new vehicle is called the Black Bat, since it got a matte black body, black 20-inch wheels and even a Batman logo round t... [...]
