Yesterday, we showed you two teaser images released by Brabus for the upcoming Dubai Motor Show 2011. We tried to take a guess of what was in the photos and we were right, but not 100 percent. Yes, the first image does show a CL and we are dealing with 800 hp, but the second isn't coming from another project - it belongs to the same car. So, what are we talking about?

Ladies and Gentlemen, behold the Brabus CL 800, a monstrous GT based on the CL 600. The twin-turbo V12 has had its displacemen... [...]
