

Vath Mercedes SLK Tuning Kit Released

23/11/2011 12:33 by admin

The 2012 Mercedes SLK has received a modification package from Vath, with the kit targeting the aerodynamics the tech and the interior of the sports car.

The aftermarket developer offers ECU remaps for multiple engines in the SLK range. Thus, the 200 CGI now delivers 210 hp and 310 Nm (228 lb-ft), the 250 CGI allows the driver to play with 244 hp and 360 Nm (265 lb-ft), while the 350 delivers 330 hp and a peak torque of 390 Nm (288 lb-ft).

The tech story goes on with the rest of the hardw... [...]
