

AC Schnitzer BMW 1-Series F20 Coming to Essen Motor Show [Photo Gallery]

23/11/2011 19:35 by admin

We've just tested the new BMW 1-Series F20 and we were pretty curious to see what a tuning project could do for this. Well, we'll get our answer at the upcoming Essen Motor Show, when AC Schnitzer is set to release an aftermarket package for the vehicle.

The story starts under the hood (of the diesel engines, for now), where ECU remaps and new exhausts systems bring the 118d from 143 hp to 171 hp and the 120 d from 184 hp to 210 hp. The list of tech mods also includes a lowered sport suspensio... [...]
