We love it when wonderful colors mix and it seems that so does German aftermarket developer Wimmer RS, who has recently released a modification package for the Mercedes C63 AMG Performance Package into a Green-Blue monster.

The 6.2-liters of the naturally-aspirated V8 engine now deliver 601 hp and 720 Nm (531 lb-ft) instead of the factory stock 480 hp and 600 Nm (443 lb-ft).

The C63 AMG Performance Package is already a violent machine, so you can imagine what the car can do after this gym ... [...]
