

## Shelby GT500CR 900S by Classic Recreations

24/11/2011 21:16 by admin

Its been a while since we last hear something about the Shelby GT500CR Venom by Classic Recreations. But now the car is back, carrying a different name: GT500CR 900S. The car is powered by a 427ci V8 engine paired to a ProCharger F1-R centrifugal supercharger for a total output of 790 HP. And just like with all the previous GT500CR models, with the 900S Classic Recreations did their best to keep the classic looks of the 1967 model. For this the changes to the car's exterior have been minimal: it gets new authentic Carroll Shelby exterior fiberglass enhancements, sequential Shelby taillights, Carroll Shelby GT500CR emblems, and a Carroll Shelby Lemans racing gas cap. The interior gets Carroll Shelby signature seats, a woodgrain aluminum steering wheel and a 200 mph speedometer. A feature that you won't find in the classic model is a new Pioneer CD player equipped with a customer subwoofer enclosure, four handmade component speakers and 1000 watt amplifiers.[...]
