

Chrome Red Foil Wrap on Audi R8 [Video]

28/11/2011 16:53 by admin

It's quite amazing how foil can deliver things that we thought to be impossible before. The car that supercar spotter Shmee150 filmed here might be just a regular old V8-powered R8, but the way it looks boggles the mind.

The R8 was the car of choice for Tony Stark in both Iron Man movies, and we find it amusing that this particular coupe version looks much like the Iron Man armor does, so we could actually call it chromed hotrod red if we wanted to. All that's missing is for the blades and the... [...]
