

Lamborghini Gallardo With LED Glowing Rims [Video]

30/11/2011 21:15 by admin

Just when you thought you've seen them all, you browse youtube and come across a video that shows a Lambo with rims that glow in the dark... We know that the Gallardo is the best sold Lambo model, but this unit will certainly stand out in the crowd.

The footage, recorded by Youtube user cvdzijden, brings us a Lamborghini Gallardo Superleggera (yes, we know, a lot of double letters), that comes with a set of rims which uses special LED circles mounted just outside the exterior of the brake r... [...]
