

BMW X6 by Senner Tuning Revealed

05/12/2011 16:27 by admin

To be honest, we were really disappointed with the fact that Senner decided to tune something as strange as the Opel Astra 5-door last time, but thankfully they've redeemed themselves with something a little bit more grown up, the BMW X6 turbo-diesel that's been enhanced to look a bit like a white show princess.

Some parts of the vehicle are still a bit understated, but with a massive set of 22-inch wheels finished in black, you're sure to draw in the car spotting crowd to your coupe-ish SUV,... [...]
