Looking to offer BMW X6 xDrive40d owners more options for customizing their diesel-powered model, Germany's Senner Tuning has released a new performance and styling package for the sporty crossover. For performance purposes, Senner Tuning begins with the X6's straight-six turbocharged diesel engine by adding a sport air filter and a remapped ECU to lift output from 306HP and 600Nm to 336-horses and 665Nm (490.5 lb-ft).[...]
