

Ferrari 599 GTO Sounds Explosive [Video]

08/12/2011 15:30 by admin

Ferrari is working overtime to introduce a successor to the 599 and we don't have to much time left to spend with the car, which means that we have to enjoy every second of it. And there isn't a better way to do this than focus on the GTO version of the car, the meanest of its road incarnations.

We've brought you a video (uploaded by Youtube user CarsandCoffeeIrvine) that shows the extreme 599 GTO in all its glory. We get a couple of walkaround shots that make a great warm up for the real sw... [...]
