

Wheelsandmore Ferrari 599 GTO Is Awesome

13/12/2011 12:45 by admin

Wheelsandmore has increased the wow factor of the 599 GTO with the help of a set of their massive three-pieced wheels... and more! A number of cosmetic and performance tweaks have been made to the Maranello marvel, making it the coolest yellow bumblebee out there.

Let's start with the magic under the bonnet, where the tuner has played with the UCU in order to increase power in combination with the new, handcrafted, stainless steel exhaust systems. We're not going to bore you with the details,...[...]
