

Techart Turns its Tuning Focus on the New 2012 Porsche 911

14/12/2011 23:04 by admin

Even with only a couple of months under its belt, the tuning industry has already warmed up to the new 991-series 2012 Porsche 911, with the most recent round of enhancements coming from Techart. The renowned German tuning house has presented some subtle styling bits for both the 911 Carrera and Carrera S.[...]
