Mercedes is on a Black Series frenzy, with more and more of its already extreme AMG models receiving this treatment. However, there is one tuner in German that wants to throw a... White Edition AMG vehicle on the market.

We are talking about Kicherer, which has recently announced the C63 AMG White Edition, a development that uses the pre-facelift version of the C-Class as a starting point.

The naturally aspirated 6.2-liter V8 has received an ECU remap and now allows the driver to play with... [...]
