

JE Design Reveals Audi Q7 Widebody Kit

22/12/2011 11:15 by admin

In our eyes, the age of the widebody kit has ended a long time ago, when people started realizing it actually changes nothing about the performance, but it's what JE Design does best, and they've unveiled a new one, this time for the AudiQ7 SUV.

The customization program for the Ingolstadt luxury barge also includes but is not limited to a set of alloy wheels and a lowering kit. Our take is that it might look good in the pictures, but you're not going to fool anybody that this is sporty in re... [...]
