

Acura NSX Rides on HRE Wheels

23/12/2011 17:31 by admin

Now that Honda/Acura has confirmed it will give us a new NSX, it is time to look back at the original one, one of the cars that has gained a legend aura throughout the years.

To do this, we're bringing you this mint-condition example of the Japanese supercar. We're talking about a 1997 Acura NSX that only has 24,000 miles (39,000 km) on its odometer and has received a lot of attention from its owner. The photos, which come from Mike Burroughs of Stanceworks via luxury4play, show the beauty in... [...]
