

Nissan GT-R Milltek Exhaust is Extreme [Video]

23/12/2011 18:33 by admin

The R35 Nissan GT-R has one of the most interesting tuning stories in the automotive world - the more Nissan tried to keep tuners from playing with the car, announcing that such moves would void the warranty, the more aftermarket developers targeted the supercar.

Thus, Godzilla ended up being one of the favorite children of the tuning world and we are here to give you an example of just how far the aftermarket offer for this car goes.

The adjacent video, which was uploaded by Youtube user... [...]
