

## Chinese Tuning: Skoda Fabia Turned Candy Cane

23/12/2011 19:33 by admin

Did you think we were going to leave you without any sort of tuning job that has Christmas references? From the the land of copycats and... communism comes this white on red Skoda Fabia that almost looks like the candy canes you'll be hanging up in your three.

In China, the Fabia hatchback is made by a Shanghai-VW joint venture, but this project is not a factory build. The five-door has been bestowed with a full body kit - wheelarches, bumpers, splitters and wings - all off which will not foo...
