

Porsche Cayenne Blue Chrome Wrap

29/12/2011 21:28 by admin

We've been reporting on a number of very interesting wrap jobs in both a chrome finish and matte versions. We're pretty convinced that this is basically the future of not only the the aftermarket industry but also what automakers will have to offers soon. After all, most luxury cars are natural showoffs.

After that green chrome job from the Russians at Re-Style, we bring you yet more Eastern influences in the form of this blue chrome Porsche Cayenne that's based on the old generation and look... [...]
