

Porsche Cayenne Body Kit by Caractere Exclusive

03/01/2012 18:48 by admin

Belgian tuner Caractere Exclusive did a decent job at customizing one of our least favorite cars out there, the Porsche Panamera, so when they announced a styling package for the Cayenne, we immediately took notice.

The second generation of the luxury SUV has been bestowed with a full body kit that gives it a sporty looks some say it might not deserve, but definitely needs. This adds a redesigned front bumper, rear diffuser and side skirts. A set of wheel arch extenders work well in combinati... [...]
