

Bentley Continental GT BR-10 by Vorsteiner Unveiled [Photo Gallery] [Video]

12/01/2012 12:41 by admin

With the brand new Bentley Continental GT V8 making its debut at the 2012 Detroit Auto Show and all of the auto media's attention focused on that car that had fallen from sporting grace, this is the perfect time for a tuner to release something, anything at all for that car.

Fortunately, Vorsteiner has done an excellent job at tuning the mighty Bentley Coupe and so we bring you the BR-10 kit that consists of a 5-piece lightweight carbon fiber aerodynamic package constructed using autoclave t... [...]
